SPIRITUAL SERVICES

One of my favorite passages in the Bible is Proverbs 3:5-6: “Trust in the Lord with all your heart and lean not on your own understanding; in all your ways submit to him, and he will make your paths straight.” This passage of scripture reminds me that I’m not in control as much as I’d like to think otherwise. I’m reminded that in every aspect of my life I must trust God. Even when things don’t look like they are going to work out, I still trust in the sovereignty of God who always has my best interest at heart because God loves me. So, when life gets a little crazy, I just have to FROG it out...Fully Rely On God! And, I hope you do the same.

As always....God loves you, so do I and there’s nothing you can do about it!

Blessings, Pastor Michelle 414-529-0100 Ext. 2105

National Weather Month with Brooke Brighton! April 17th PDR 2:30PM

Brooke Brighton is an on-air meteorologist at Spectrum News 1 - Wisconsin. Brooke is so happy to embark on this new adventure and be closer to family. Brooke's last TV station was in Peoria, Illinois where she was an on-air meteorologist/reporter at WMBD 31 and WYZZ 43 News. Although Brooke is a Big Ten supporter and will continue to cheer on the Wisconsin Badgers, she actually attended The Ohio State University where she studied Agricultural Communication and Atmospheric Sciences. With that agricultural element, Brooke is fascinated with the dairy industry that is so important for the state of Wisconsin. Brooke would love to visit farms around the state and get to know their stories.

Brooke was a weather intern at both ABC7 - Chicago and NBC4 - Columbus. Brooke loves the outdoors and when not at work, she enjoys working out (especially kickboxing), chasing storms, hiking and shooting nature photography. Although passionate about all sports, Brooke has spent many hours on the basketball court and played on several championship basketball games! Come meet Brooke and learn what to do when bad weather strikes Wisconsin!
